

Worldwide Procurement Specialists for Heavy Industry

Over 40 years in procurement

www.qr-ltd.com

Quinta addison

Quinta Raddison has supported some of the largest and most sophisticated MRO teams, across the world, and we are very aware of the issues faced and the service levels required.

Formed in 1981, Quinta Raddison has been at the forefront of Procurement for over 40 Years. Quinta has been vetted and accredited by some of the largest industrial companies in the world.

Our worldwide presence includes clients based in Middle East, Africa, Asia, Australasia & South America.

Specialising in procuring spare parts from Europe, USA & South Korea, Quinta's experienced staff use their expertise to quote and fulfil orders daily. Purchasing offices are strategically located in UK (head office), Germany, USA & South Korea. This allows us to buy directly from OEMS and on the domestic market to ensure the best price is secured for our clients.

Why work with Quinta Raddison?:

- Access to domestic market prices
- Quick response times & quotations
- Reduced costs
- Genuine parts only, direct from OEM's
- Improved lead times
- Weekly order status report
- Individually tailored quotes to meet client requirements
- Legalised and certified invoices and paperwork where required
- Accounts with numerous OEMs, thus reducing vendor list

We **Source**

Experienced buyers across 4 offices strategically placed in the UK, USA, Germany & South Korea allowing direct access to domestic market prices.

We **Procure**

Wide variety of products supplied to predominantly support electrical, mechanical and control & instrumentation fields.

We **Supply**

To heavy industries Worldwide including the Middle East, Asia, Africa, Australasia & South America.

Product

Quinta Raddison specialises in delivering a wide range of mechanical and engineering products from leading brands across the globe.

Air Dryers & Compressors

Major Brand Compressors & Spares

Automation & Switchgear

- Panel meters
- Cam switches
- Contactors
- Control stations
- Counters
- Hazardous area control gear
- Limit switches
- Manual motor starters
- Monitoring relays
- Overload relays
- Plug in relays
- Push buttons & indicators
- Temperature & process controllers
- Timers
- Plastic, sheet steel & stainless steel enclosures

Cables & Accessories

- Armoured cable, pvc, lsf, xlpe
- Coaxial cable
- Data cable
- Flexible cables
- Hi voltage cables 6.6-33kv
- Instrumentation cable
- Screened signalling cable
- Cable glands & lugs
- Cable joining kits & terminations
- Cable marking
- Cable ties
- Cable trunking & trays
- Flexible conduits
- Heat shrink & sleeves
- Hi voltage terminations

Drives & Transmission Spares

- Variable frequency drives
- Motors
- Motor controllers
- Pulleys
- Belts
- Bushes

Instrumentation & Pumps

- Chart recorders
- Gas analysing meters & detectors
- Load cells & display units.
- Instrumentation: flow, level & pressure control equipment for all industrial processes & mediums
- Vacuum switches generators & pumps
- Pressure gauges

Electrical items

- Ballasts
- Photocells
- Fans & ventilation,
- Hazardous area lighting
- Industrial plugs & sockets
- Industrial & commercial Lamps
- Light fittings: fluorescent, weatherproof & floodlighting
- Refrigeration & air conditioning spares
- Water heating elements
- Wiring accessories
- MCB's
- Circuit breaker
- Vacuum Breakers
- Control transformers
- Fuses & loadbreak devices
- Hazardous area products
- Industrial beacons
- Industrial sounders, buzzers
- Industrial surge protection
- Safety switches
- Clamp meters
- Multi-meters
- Testers
- Semiconductors: thyristors, rectifiers
- Pressure switches
- Solenoid & pilot valves
- Photo electric Sensors
- Proximity sensors

Laboratory Equipment

- Scales
- Centrifuges
- Heaters
- Filter paper
- Gas columns
- Stirrers

Mechanical Parts

- Conveyors systems
- Belts
- Industrial chains
- Oil seals
- Bearings
- Cutting tools

Pneumatic & Hydraulic Spares

- Hydraulic hoses & couplings
- Hydraulic pumps, fittings, cylinders & filters
- Manifolds & accessories
- Pneumatic cylinders, filters & regulators
- Pneumatic fittings & pipes
- Pneumatic valves: mechanical, proportional & manual
- Boosters & regulators
- Tools & Safety equipment
- Hand, power & pneumatic tools
- Bore cutters, drills, taps & dies, shank cutters
- Carbide tipped saws & blades
- Complete tool kits for all applications
- Crimping tools
- Gloves
- Harness, safety belts & slings
- Head & ear protection
- High visibility clothing
- Respirators & breathing apparatus
- Safety eye-wear
- Safety foot wear

Valves, Actuators & Accessories

- Gate Valves
- Wafer Valves
- Knife gate valves
- Non return valves
- Pressure relief valves
- Actuators
- Positioners

Benefits of working with Quinta Raddison...

Competitive Pricing

We have discounts agreed with most of the major European, North American, and Korean OEMs, so can often provide more competitive pricing than local offices/distributors, by sourcing the parts from the manufacturer's home country.

Quality Inspection

We conduct a quality inspection of parts before they are exported, to ensure shipments are technically compliant and properly packed for export. We will also obtain any certification that you may require.

Faster Lead Times

We can arrange Courier/ airfreight to move shipments, reducing lead times compared to distributors importing by sea. We do business on a variety of incoterms (EXW/FCA/CIP/DAP) to suit each customer.

Payment Terms

We can offer competitive payment terms, allowing your warehouse team to inspect deliveries before payment is made.

Quick Quotations

We aim to respond to RFQs overnight where possible, and always try to maintain good communication with our clients. We also send weekly order status reports to keep clients up-to-date on delivery progress.

Consolidation

Several small items from different manufacturers can be combined on one PO, reducing the amount of work required compared to handling each item as a separate PO.

Quinta addison

Global Offices

Our Head Office in the UK is supplemented by strategically placed purchasing offices in Germany, the USA, and South Korea, enabling us to purchase genuine OEM spares on their domestic market. In addition to these, we also have offices in Australia, South Africa, Thailand, Brazil and the Philippines which service the needs of our customers in those areas.
